1. INTRODUCTION

Like every year, the Regulator Council compiles the CATALUNYA Designation of Origin's Annual Report, in this case, corresponding to the 2010 financial year.

The total volume of qualified wines has been 391.637 hl, 6,6% lower than 2009, due to whites and rosés decrease (-8,1 y -6,3% each). Rosés, slightly increase their sales (0,5%). In proportion, red wines still prevail with a range overall of 50%, followed closely by white wines with a 40% and at last the roses with a 11%.

Of all the qualified wines, 290.302 hl (74,1%) are from the 2009 vintage and the rest belong to other seasons.

As for bottled wine, it reaches an amount of 53,2 million $\frac{3}{4}$ l. bottles, 22,7 (42,7%) of them concern to the local market and the rest 30,5 millions (57,3%), belong to the foreign markets. If we compare this numbers to 2009, there is a decrease in both markets, more important in the national market, a 7,4% than in the foreign, a 1,5%. The final increasing of the total commercialization compared to 2009 it is 2 millions of bottles (3,9%). The total commercialization, for the third year in a row, stands over the 50 millions of bottles.

The main foreign markets belong to the European Union, with a total amount of 17,6 millions of bottles (57,7% of the exports and with a 8,1% fall regarding to 2009). Inside this percentage, and in order of significance; United Kingdom, Germany, Netherlands, Denmark and Sweden are still the main markets (the top positions reverse regarding 2009). Ireland, Finland and Belgium also have good sales ratings, over 800.000 bottles. Still in the European market, but out from U.E; Norway and Switzerland, beat the 1,2 million bottles, growing near a third.

Other markets, far and more relevant are United States, with 2,5 million bottles, Canada with 884.000, Japan with 727.000 and Mexico with 682.000 bottle. All of them have increased their sales, but Japan. Overall, the wines of the CATALUNYA Designation of Origin have reached over more than 100 different countries

These continuous growth results of the CATALUNYA Designation of Origin come from the effort of lots of wineries and vine growers that work with us and to whom we would like to thank for their confidence.
